The Systems Approach uses a scorecard, which is one part of a program to provide junior exhibitors a learning experience that emphasizes all aspects of production. It is used to evaluate the total product rather than just the live animal as it appears on show day. The Systems Approach will reward exhibitors for their learning and effort for the entire year.

If we attempt to teach junior exhibitors proper selection, care and nutrition, then we should reward them for their successes in those areas. The scorecard actually gives several evaluations and weights each category to determine a composite score. Exhibitors can be successful on one, two and all three areas on the scorecard and by doing so can be successful without "winning" the class. Part 1 – Lean Yield. Part 2 – Usefulness Evaluation. Part 3 – Gain and Quality Grade. Details of the process will be explained at the end of the exhibitors meeting, Tuesday, July 28th. **This contest will be performed at the time of weigh-in.** The result to be announced after the Grand Champion is selected.

POLL-ETTES AWARD

The California Poll-Ettes, Inc. Women's Auxiliary of the California Polled Hereford Association 7775 Old Plymouth-Sacramento Road, Plymouth, California 95669 will award one trophy to the JUNIOR EXHIBITOR showing the most outstanding POLLED HEREFORD BREEDING ANIMAL. Juniors competing must show a POLLED HEREFORD that is naturally smooth headed, or having loose scurs, fitting the American Hereford Assoc. guidelines. Breeding animals, either a Bull or Heifer, must be registered with the American Hereford Association. In a mixed breeding show, no Polled Hereford placing below 4th place in the show is eligible for this award. Selection will be made by the official Judge of the Jr. Show, and the worthiness of the exhibit for such an award shall be the sole decision of the Judge.

WESTERN STATES ANGUS AUXILIARY AWARD

The Western States Angus Auxiliary, 1470 Eureka Lane, Templeton, CA 93465, will present an award to the outstanding 4-H Angus exhibitor and/or the outstanding FFA Angus exhibitor. The judge of the junior beef show will be asked to make the selection of the winner based on show ring placing of individual animals and placing in showmanship. The following point system must be followed:

Conformation placing: Grand Champion, 40 points: Reserve Champion, 30 points: 1st place, 20 points: 2nd place, 15 points: 3rd place, 10 points: Participated in showmanship, 6 points: 25 points for an educational display promoting the Angus Breed. If steers & breeding animals are both exhibited, points may be combined to select a winner.

For breeding animals, the animal must be registered with papers. This is open to exhibitors with one or more breeding and/or market animals. Winning the award in previous years shall not exclude an exhibitor from winning again.

For market steers this award should go to the highest placing predominately black steer, the sire must be Angus. Champion 40 points: Reserve Champion 30 points.

It must be kept in mind that the purpose of this award is the promotion of the Angus breed, therefore Angus Breeding animals should take precedence over Market animals.

INTER – CLUB COMPETITION

An award will be presented to the highest overall participant by a 4-H or Grange Club at the Amador County Fair. The goal of this award is to increase the participation, sense of competition and gain a unity within the 4-H and Grange Clubs during the Amador County Fair.

Awards are based on a point system for *all* placings in 4-H & Grange divisions in the premium book, excluding gardens. The number of points is divided by the number of members in the respective clubs, multiplied by the percentage of enrollment participating in the Fair. **Only clubs, which have submitted rosters will be eligible. The rosters submitted as of June 26 will be the basis for scoring.**

The award will consist of a perpetual trophy with the club's name engraved upon it. The winning club will receive an individual trophy for display, which will be presented at the Junior Livestock Auction.
